| Item Name / Title                               | <i>e.g., 1962 Fender Stratocaster</i>                        |
| Category / Type                                 | <i>e.g., coin, vinyl record, comic, firearm, memorabilia</i> |
| Maker /<br>Manufacturer / Artist<br>/ Publisher |                                                              |
| Model, Series, or<br>Edition Name               |                                                              |
| Serial / Edition /<br>Catalog Number            |                                                              |
| Date or Era of Origin                           | <i>Exact date, or estimated range</i>                        |

## 2. Physical Description

|                      |                                       |
|----------------------|---------------------------------------|
| Materials / Medium   |                                       |
| Dimensions           | <i>Height x Width x Depth, Weight</i> |
| Color / Finish       |                                       |
| Distinguishing Marks | <i>Hallmarks, signatures, stamps</i>  |

### Condition

☐ Mint   ☐ Excellent   ☐ Good   ☐ Fair   ☐ Poor

|                 |                                              |
|-----------------|----------------------------------------------|
| Condition Notes | <i>Describe any wear, damage, or repairs</i> |
|-----------------|----------------------------------------------|

### 3. Provenance & History

|                      |                                            |
|----------------------|--------------------------------------------|
| How Acquired         | <i>Purchased, inherited, gifted, found</i> |
| Date / Year Acquired |                                            |
| Previous Owner(s)    | <i>If known</i>                            |
| Chain of Ownership   | <i>History of the piece, if known</i>      |

#### The Story Behind It

*Why this piece matters to the collector – not just what it is, but why it was kept.*

### 4. Documentation

- ☐ Certificate of Authenticity  
 ☐ Original Receipt  
 ☐ Prior Appraisal  
☐ Packaging / Tags Retained

|                                |                                               |
|--------------------------------|-----------------------------------------------|
| Prior Appraisal Details        | <i>Appraiser, date, and value at the time</i> |
| Related Correspondence / Notes |                                               |

### 5. Value & Market Context

|                  |                                                            |                             |  |
|------------------|------------------------------------------------------------|-----------------------------|--|
| Purchase Price   | <i>If known</i>                                            | Collector's Estimated Value |  |
| Insurance Status | <i>Scheduled separately, included in policy, uninsured</i> |                             |  |

*Note: value fields reflect the collector's own estimate. Legacy & Lore does not provide appraisals.*

## 6. Storage & Handling

---

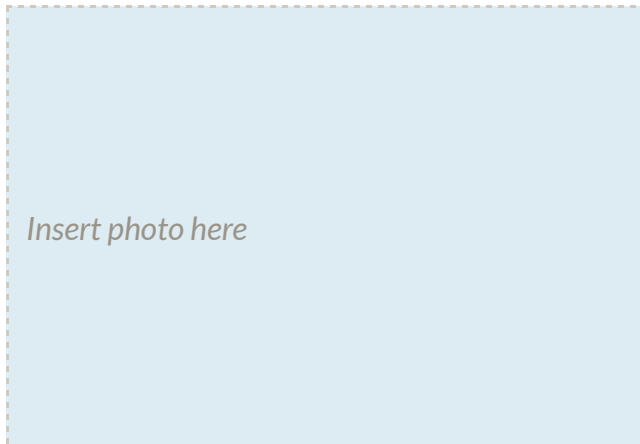

|                                   |                                                 |
|-----------------------------------|-------------------------------------------------|
| Current Storage Location / Method |                                                 |
| Special Handling Needs            | <i>Temperature, light sensitivity, humidity</i> |
